

Experienced Carpenters

We are seeking skilled carpenters with a wide base of experience in all aspects of construction.

You should be able to work from oral or written instructions, blueprints or sketches. Must be able to work independently.

Your day may include a variety of non-routine or emergency repairs, preventive maintenance, leak investigations, framing, steel stud installation, deck repairs, drywall, door installation, etc.

We prefer a TQ in Carpentry but at minimum you must have at least 5 years of experience; you bring a commitment to safety and a strong body of knowledge that includes applicable by-laws, codes and regulations, as well as current standards for your own trade and an understanding of other architectural trades. In addition to fulfilling the technical aspect of your trade, you must have courteous and effective communication with clients and co-workers alike. You must have the ability to maintain records, complete reports and complete your work in a timely manner.

A valid BC driver's licence, with a clean driving record, is also required.

We thank all applicants for their interest but only those considered appropriate for the position will be contacted.

ONLY THOSE LEGALLY PERMITTED TO WORK WITHIN CANADA WILL BE CONSIDERED.

If you believe you have the skills and experience to complement our team, send your résumé, with a cover letter stating wage expectation.

Complete the online form and attach documents or email to hr@steelheadcontracting.com
